

PROJECT EXECUTION NOTICE (PEN) / FIXED-RATE RFQ

Project ID: PRJ- 2027 -LDH | **Issue Date:** 03 Aug 2026 | **Closing Date:** (As per Portal)

1. EXECUTIVE PROJECT DETAILS

Urgent requirement for heavy earthwork, excavation, cutting, and dynamic transit hauling for an upcoming prestigious National Highway development. This infrastructure package is open for immediate vendor allocation. We are inviting capacity declarations from financially sound asset owners, earthmoving contractors, and heavy logistics providers to deploy machinery and dumper fleets on a turnkey, fixed unit-rate service basis.

Parameter	Details
Project Name	Turnkey 6-Lane Greenfield Highway Earthwork Package (Cutting & Dumping)
Open By Company	Confidential (Tier-1 National Infrastructure EPC Contractor)
End Client / Principal	National Highways Authority / Ministry of Road Transport
Working Location	Ludhiana, Punjab Circle Cluster

Project Geometry	6-Lane Greenfield Highway alignment with a 60 Meter Right of Way (ROW)
Total Project Volume	1,00,00,000 \$M^3\$ (1 Crore Cubic Meter) of soil excavation/shifting
Project Value	350 Cr (crore)
Commercial Model	Fixed Unit Rate / Output Basis (Services and Fleet Operation)
Diesel Fuel Model	Diesel Advance Provisioned on a 100% Debitable Basis
Project Status	OPEN (Immediate Fleet Mobilization & Vetting Required)

2. PROJECT MEDIA & QUICK RESOURCE LINKS

Review the alignment maps, lead road conditions, and technical parameters before declaring your fleet capacity:

- **Site Route Snaps:**[NA](#)
- **Master SOW & Logistical Data:**[NA](#)
- **Master SOW** [ATC\(Additional Terms and Condtons.\)](#)

3. DETAILED SCOPE OF WORK (SOW) & LOGISTICAL INFRASTRUCTURE

Disclaimer: This is a digitally generated RFQ. By participating in this Project, the vendor agrees to the Terms & Conditions and Refund Policy stated on www.vendormate.in

Need Help?  Bidding Support: support@vendormate.in |  Accounts: accounts@zugnooservices.com
WhatsApp: +91-7827895424 |  HQ: GT-20, Sec 117, Noida, UP | Follow [WhatsApp Channel](#) quick update

The selected partner will take absolute field responsibility for managing continuous cycles of bulk earth excavation and long-haul transport. The specialized scope includes:

- **Excavation & Cutting Operations:**
 - Technical cutting, structural grading, and bulk excavation of all soils along the designated 60-meter ROW alignment to prepare the Greenfield subgrade.
 - Continuous maintenance of the cutting face, pit leveling, and deployment of high-capacity earthmoving machinery.
- **Long-Haul Transport & Dumping:**
 - Loading, securing, hauling, and neat dumping of the excavated earth across a one-way linear lead tracking **40 to 45 Kilometers**.
 - Complete management of local dump-yard compliance, level dressing at the dumping coordinate, and turnaround optimization.
- **Lead Road Conditions:**
 - The hauling pathway is highly optimal for heavy multi-axle fleets, with **up to 90% Bitumen completion (Pukka Kala Road)**, significantly reducing tire wear and increasing transit trip efficiency.

4. INITIAL MACHINERY & DUMPER FLEET DEPLOYMENT

To support the initial operational phase and build regular volume cycles, the vendor must immediately mobilize the following machinery brackets:

-  **Heavy Multi-Axle Dumpers: Initially 20 Hyva Units** required on-site. Fleet configuration must strictly consist of high-capacity **12-Tyre and 16-Tyre (4x4 drive configuration)** commercial vehicles to handle large volumes and ensure terrain stability.
-  **Excavation Heavy Machinery: Initially 1 Unit** required on-site. Machine must be a high-performance **Pock-lain Machine 320 (32-Ton Class Excavator)** or approved equivalent to match the high-speed loading target.

5. COMMERCIAL FIXED-RATE CARD & FUEL INTERFACE

This mega project operates on a fixed-rate structure calculated against verified volumetric output:

Disclaimer: This is a digitally generated RFQ. By participating in this Project, the vendor agrees to the Terms & Conditions and Refund Policy stated on www.vendormate.in

Need Help?  Bidding Support: support@vendormate.in |  Accounts: accounts@zugnooservices.com
WhatsApp: +91-7827895424 |  HQ: GT-20, Sec 117, Noida, UP | Follow [WhatsApp Channel](#) quick update

-  **Bulk Soil Cutting & Dumping Rate: ₹350.00 per \$M^3\$ (Cubic Meter) + GST**
-  **Integrated Fuel Mechanism:** To eliminate major fluid capital constraints for the contractor, **Diesel Advance will be provisioned by the company on a debitable basis.** Fuel outlays issued to the vendor's fleet will be adjusted directly against the progressive monthly volumetric billing certifications.

6. VENDOR CAPACITY DECLARATION & HOW TO BID

 **High-Volume Capital Notice:** Due to the massive 1 Crore Cubic Meter volume pipeline and multi-axle transport lead requirements, preference will be granted to agencies with proven high-capacity asset management records.

 **Click on "Quote - Fleet Capacity & Mobilization Sheet" on the portal and follow these steps:**

- **Step 1:** Input your Corporate Profile, Registered office, and Fleet Ownership details, then click the **Orange Check box**.
- **Step 2:** Record the tracking quote number generated by the system.
- **Step 3:** Upload active registration copies, fitness certifications, and fitness validations for the 12/16-Tyre Hyva dumpers and the Pock-lain 320 excavator.
- **Step 4:** State your exact lead time to mobilize the initial 20 dumpers and machine to the Ludhiana site.
- **Step 5:** Check the **"Submitted and Locked"** field to securely seal your commercial parameter proposal.

7. PLATFORM FEES & CHARGES

- **Booking / Processing Entry:** Standard onboarding gate criteria apply based on corporate tier groups.
- **Commitment / Success Royalty:** Standard platform success royalty percentages apply upon official contract award, final site handover, and Work Order validation.

 **Bank Details for Manual Portal Transfers:**

- **Account Name:** Zugnoo Home Sync Solution LLP

8. VENDOR COMPLIANCE TERMS & LEGAL DISCLAIMER

VendorMate Standard Corporate Terms:

1. **Volumetric Measurement Metrics:** All output verifications will be monitored strictly via joint laser scanning or manual survey checks of the cutting profile coordinates. Certified JMR (Joint Measurement Record) statements will form the exclusive basis for progressive invoice generation.
2. **Mandatory Fleet Compliance:** Deployed vehicles must carry active local transit clearances, load permits, and state environment validations. Any downtime caused due to regional structural compliance failures will be entirely to the vendor's account.
3. **Anti-Bypass Policy:** Any offline attempts to bypass the platform network to pitch directly to the main EPC contractor or regional highway authorities will cause immediate permanent registration termination.

LEGAL DISCLAIMER REGARDING CHAT PARAMETERS & IMAGES:

- **Informational Conceptual Use Only:** Is Project Execution Notice (PEN) / RFQ mein dikhaye gaye sabhi regional references, infrastructure parameters (jaise Greenfield highway, 6-lane alignment, 60m ROW), aur logistic constraints Client ke shared technical schedules ke aadhar par informational purposes ke liye map kiye gaye hain. Inka mukhya uddeshya sirf transport agencies ko core concept aur requirements samjane ke liye hai.*
- **Execution Standards:** Shared logistic parameters purely "For Reference Only" hain. Actual on-site cutting operations, exact lead road curves, dump yard level coordinates, aur equipment cycle loops strictly official survey drawings aur main contractor structural specifications ke aadhar par hi execute honge.*
- **Main Contractor Supremacy:** Execution lifecycle ke dauran kisi bhi volumetric dispute, alignment mismatch, ya lead verification adjustment mein main contractor/end client ki signed engineering prints hi legally binding aur final maani jayengi.*

Need Help?  Bidding Support: support@vendormate.in |  Accounts: accounts@zugnooservices.com
WhatsApp: +91-7827895424 |  HQ: GT-20, Sec 117, Noida, UP | Follow [WhatsApp Channel](#) quick update

- **No Legal Claims on Visuals:** Vendor in reference parameters ya generic alignment maps ko aadhar banakar financial extra claims, structural adjustments, project delay excuses, ya fuel tracking calculation adjustments ke dauran koi bhi legal claim ya dispute raise nahi kar sakta hai.*

By proceeding with the capacity declaration forms or uploading technical vehicle credentials for this project layout, the vendor legally acknowledges, validates, and unconditionally accepts all operational terms, verification milestones, and standard guidelines stated on the VendorMate platform (www.vendormate.in).
